APPENDIX.

(A.)

REPORT OF THE BOARD OF MANAGERS.

At a meeting of the 1st District with the Camden Church, on Saturday before the fifth Lord's day in November, 1857, the churches, (except Rock-West and Camden) failed to send delegates to the District meeting; therefore, it was a failure. The Executive Board, however, had a quorum, met and arranged all the outstanding claims against your body. At the Allenton church, where the 2d District meeting was to be held, your Board found their pulpit occupied by a Pedo-Baptist brother, with the consent of the church, and that church, together with the rest of the churches comprising that District, had actually forgotten their appointment. Your Board, however, met and transacted the business allowed by our Constitution. The 3d District had no meeting for the want of representation from the churches composing it, and no quorum of the Board being present, no business was transacted. Having no funds nor pledges as a basis for benevolent action, your Board have done almost nothing the past Associational year. Our churches, which are in "wind-work" great Missionaries, are in action decidedly anti. The churches in our Association (with a few honorable exceptions) are totally at fault, and if they are not roused up to a sense of their duty upon the subject of Missionary enterprise, the services of your Board may be dispensed with, without injury to the cause of our Redeemer's Kingdom. Having no funds to control, your President and other members of the Board did not meet with the 4th District, knowing that your body would meet a short time thereafter, when such measures in general council could be proposed and adopted as would best advance the great object of benevolence.

Respectfully submitted,

J. C. JONES, President.

C. W. HARE, Secretary.

(B.)

REPORT ON MISSONS.

Your Committee are not prepared to give a minute account of the amount of money that has been raised and expended for Missionary labor in the bounds of the S. B. Convention; the different State Conventions and Associations, nor the amount of labor performed, and persons baptized by those engaged in the Missionary work; nor do we feel that it is so important to do so as it is to endeavor to increase the

true Missionary spirit in our churches, and the amount of contributions, which doubtless are very far short of what they ought to be, and what they might be, when we consider our means and obligations, nor do we feel that any thing we can present in a report, short enough to appear in our Minutes, could be so well calculated to accomplish these desirable ends, as a prayerful reading of the Scriptures, and the H. and F. Journal and Commission, for light on these subjects, and by giving attention to the facts in regard to the destitution in the bounds of our Association; and we believe if our brethren could be induced to *pay for* and read these periodicals prayerfully, and enquire into the destitution in our bounds, there would be no need of reports in our Minutes on this subject. We would, therefore, request all of our brethren to procure and read them, and endeavor to imbibe the spirit they breathe.

Respectfully submitted,

S. M. WOOTEN, Chairman.

(C.)

REPORT ON THE SOUTHERN BAPTIST PUBLICATION SOCIETY.

Your Committee feel unprepared to do justice to the subject submitted to them in a report sufficiently condensed to appear in our Minutes. But from the Annual Reports of the operations of that Society, and from the able reports on it made to the Southern Baptist Convention, and our State Convention, found in their Minutes, we are proud to learn that in this Society we have an institution every way worthy of the confidence and support of Southern Baptists. We would therefore recommend our brethren to procure and read those able reports, and also the frequent notices of it published in the South Western Baptist; and we would also recommend it to the liberal support of our brethren, both by their prayers and contributions.

Respectfully submitted,

J. R. HAWTHORN, Chairman.

(D.)

REPORT ON TEMPERANCE.

The Committee appointed to prepare a Report on Temperance, have not sufficient data before them from which to form any definite conclusion as to the progress of Temperance, or the prevalence of intemperance. A few years past a great effort was made to exterminate intemperance from the world. The various temperance orders waged a powerful war against the great tyrant, Alcohol, and it seemed for a time that they would be victorious. We then saw the cruel monster tottering on his throne, and our hearts were cheered with the hope that we would soon se him yield the victory to the temperance army; but alas! we were doomed to disappointment. The great enemy of God and man decoyed off the temperance troops, and with his Satanic

influence seduced them into his own ranks, and employed them in recovering the ground he had lost. In this and every other way that his wisdom could devise, he has continued to regain his power, until again he proudly sways his bloody sceptre over the world, treating with utter contempt the feeble efforts that are being made to resist his destructive works, and bidding defiance to the few remaining troops of the temperance army. But notwithstanding all the discouragements with which they have to contend, there are many noble-hearted, whole-souled philanthropists who are still fighting manfully against this almost overpowering tyrant. They are unyielding in their efforts, and their watch-words are "victory or death." Honor to their brave hearts and noble deeds. There are in this State three working Temples of Honor, still existing—two in Mobile and one in Camden—which have been working regularly for the last eight or ten years; the members of this noble institution have the pleasure of knowing that while many others have tired and failed, they are still doing their part in redeeming the world from the curse of intemperance; and while they are engaged in their noble work, they are astonished that every christian andphilanthropist are not engaged with them in their glorious work. Butwe have had sufficient time to see that all such will not associate themselves with the temperance orders; many religious people say that the church is temperance society enough, to which we readily agree, provided all men would be church members, and that all churches would abstain totally from all intoxicating liquors, but as such will not be the case, we recommend societies outside of the church, and that all christians shall be members of any society (that has no improper principles connected with them) that have for their object the reformation of drunkards, and restraining men from the habit of drinking. * * * * * *

Respectfully submitted,

P. ARMSTRONG, Chairman.

(E.)

MINISTERIAL AND DENOMINATIONAL EDUCATION.

Your Committee have not been able to give this subject that calm and close investigation which its importance demands. We are pleased to be able to say that the gospel has been faithfully proclaimed, and its truths carried to the hearts of many by the instrumentality of the faithful ministers who are not blessed with a classical education. Yet we are forced to the conclusion that the importance and utility of ministerial education is no longer a controverted question with us, nor has there been a time when we, as a denominatian, had more cause to feel the need of ministers prepared, not only to preach Jesus and him crucified, but able, from a mind well stored with Biblical and literary attainments, to combat the abundance of religious error in the world. But your Committee feel that if they were competent to write

an elaborate report on this subjcet, it would be unnecessary to encumber our Minutes with it, when our denominational papers and Convention Minutes afford abundance of light on this subject. We would, therefore, recommend to our brethren to seek for information through those channels; and we would further recommend to this Association the propriety of sustaining in its bounds one beneficiary in Howard College—one who is or may hereafter be a member of some church in our bounds.

Respectfully submitted,

S. S. ANDRESS, Chairman.

(F.)

REPORT ON SABBATH SCHOOLS.

Every Committee appointed by this Association have urged, from time to time, the importance of early religious instruction, and every year recommended and urged the churches to form Sabbath Schools in their midst; yet, from all the information we can gain, but few of the churches have Sabbath Schools, but we are encouraged to hope that by keeping this subject before their minds, that after awhile Baptists will awake to their true interests, and the complaint will not have to be made that the Baptists have no Sabbath Schools among them. Indeed, when they send their children to Pedo-Baptist sectarian Sabbath Schools, (if they send them to any,) where, (according to our understanding of the scriptures,) they are indoctrinated in error, it will be no wonder if, when they are grown, they join others in opposition to the faith of their fathers, (if they ever join any Christian organization,) and all their influence lost to the denomination. Then we repeat, Baptists will awake to their true interests.

Respectfully submitted,

C. W. HARE, Chairman.

(G.)

STATE OF RELIGION AND DIGEST OF LETTERS.

Your Committee find, upon examinatien of the letters, that while a few of the churches complain of coldness and barrenness, a large majority of them have enjoyed gracious revivals of religion, and that after a long night of coldness and apathy, which seem to your committee a trial of the faith of his people,the Lord has given to them a refreshing from his presence. The hearts of his people have been cheered and made to rejoice, their faith strengthened and their hopes revived, and they have abundant cause of gratitude to God, for his goodness and encouragement, to press on with renewed zeal in the service of their master. Many of the churches have organized prayer meetings, and some have Sabbath Schools, which are well attended. The number of baptisms alone are 325.

Respectfully submitted,

J. E. GULLETTE, Chairman.

(H.)

REPORT ON PERIODICALS.

Your Committee on Periodicals had the same under consideration, and recommend the Tennessee Baptist as a pood paper; also, the South Western Baptist, because it is our State paper; the Home and Foreign Journal and the Commission.

Respectfully submitted,

M. L. McWILLIAMS, Chairman.
